## GROWING IN WISDOM AND GRACE

Here are a few glimpses of the learning and fellowship activities of the kids at the Brookings SDA church.

The Mighty Kingdom Sabbath School is a busy place of worship and learning each Sabbath morning. Kids of all ages sing and sign songs together. Memorable crafts and kitchen prep snacks are assembled at tables in the kingdom's craft corner. Then children gather for a special Bible lesson in either the "castle" or "dungeon."

Youth have enjoyed meeting for a Friday night meal. Smiles and trials are shared as they fellowship in prayer, read Steps to Christ as a group, and participate in team building activities.

God is blessing His children with leadership and

ministry skills evidenced through: singing for worship service, creating and delivering bouquets to nursing home residents, & helping decorate the church for Christmas.

Please continue to lift up our children in prayer, & share in the joy of watching God guide their paths!
